INDEX

BRATER CEMETERY

East Lancaster Township
35-75-11

Location

Brater Cemetery, or Hall as it is sometimes called, is east-southeast of Lancaster approximately four miles. Take the Lancaster-Ollie paved road as if going to Ollie, but at the last turn south before crossing the South Skunk River (about 3/4 mile from the river), continue on the gravel road east for about one-half mile and turn north into the field. Go one-fourth mile north and about one-fourth mile east. This last distance, during growing and harvest seasons, may not be possible for driving. The cemetery visitor would then have to walk over the crop ground to the cemetery.

Physical Features

The cemetery is fenced, but the fence is not in the best of condition. The area is overrun with briers, weeds, poison ivy, and shrubs. This handicap plus broken tree branches make it impossible to reach all the areas of the cemetery. Many of the stones are no longer standing, but have fallen over and been partially or perhaps completely covered with branches and decaying vegetation.

Land Description

No deed could be found on record in the County Recorder's Office showing this cemetery ground transferred to Township Trustees, nor was the cemetery ground excepted from deeds given for the Southeast Quarter of the Southwest Quarter of Section 35, Township 75 North, Range 11 West of the 5th P.M. The exact description and size of the cemetery, therefore, could not be obtained. It is possibly about one to one and a half acres in size.

History

No specific history of the cemetery could be obtained. It apparently started about the time that H. L. Hall or George Brater owned the forty.

Plat

There likely never was a plat to the cemetery.

Headstones

On page 2, there is a Headstone Relationship Chart to show the approximate location in the area where the headstones were found.

INDIVIDUAL BURIAL PLOT
ON BLANCH CLINGAN FARM

East Lancaster Township
3-74-11

Wilmer Fritchen, a farmer in the Lancaster-Ollie area, directed the listers to a single stone lying in the pasture of the old John Clingan place.

This single stone is located in the Northwest Quarter of the Southwest Quarter of Section 3, Township 74 North, Range 11 West of the 5th P.M., of East Lancaster Township and may be reached by taking the gravel road south of the V5G paved highway at a point approximately four miles Southeast of Lancaster. A little over one-half mile south, or about 180 rods, this gravel road turns east. It is at this corner that one may enter a pasture gate and locate the stone by walking west about thirty rods, then south about one hundred fifty feet.

The stone is lying flat on the ground in the pasture. The grass partially covered the stone. No background information concerning this individual burial was obtainable. The stone was well preserved, not broken, and could be easily read. The stone was that of

William Harris, died Sept. 23, 1849, age 47 yrs. 7 mos. 13 das.

DOGGETT CEMETERY

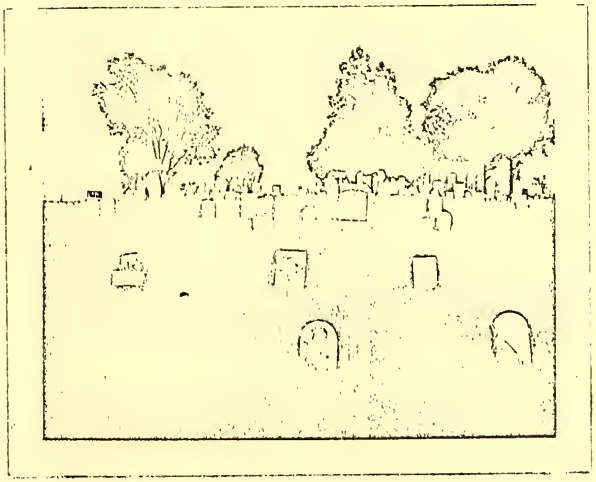
East Lancaster Township
21-75-11

Location

Doggett Cemetery is located southeast of Sigourney about 7½ miles. It may be teached by driving south of Sigourney on Highway 149 to the first cross road turning east after crossing the North Skunk River Bridge. Continue east 3 miles, then south 1/2 mile, then east 1/2 mile. The cemetery is located on the north side of the road.

Physical Features

The cemetery is practically level with a slight slope to the west. There are about six trees in the cemetery and three hickory trees at the south fence line. The cemetery is well-fenced with a chain gate and is well-mowed and cared for with care provided by the township. There is a small brick structure for storing the maintenance tools.



(Picture is taken from west toward east)

Land Description

On May 26, 1874, Catherine Doggett deeded for $3.00 the following described land to the Township Trustees of Lancaster Township: Commencing at the 1/2 mile stake on the section line dividing Sections 28 and 21, running East 16 rods, thence North 10 rods, thence West 16 rods, thence South 10 rods to the place of beginning containing one acre, the same being a part of the Southwest Quarter of the Southeast Quarter of Section 21, Township 75 North, Range 11 West of the 5th P.M. The above described premises to be used as a public cemetery or burying ground. This deed is recorded in Deed Record Y, page 230, filing date May 26, 1874.

On October 6, 1874, Catherine Doggett deeded for $2.00 the following described real estate to the Township Trustees of Lancaster Township: Commencing at a point 16 rods East of the Southwest corner of the Southeast Quarter of Section 21, Township 75 North, Range 11 West of the 5th P.M., and running East on the section line 8 rods, thence North 10 rods, thence West 8 rods, thence South 10 rods, to the place of beginning, containing one-half acre, the same to be used as cemetery or burying ground. This deed was recorded October 12, 1874, in Deed Record Y, page 377.

History

There is no special history connected with this cemetery that could be learned. It is a public cemetery, but largely a neighborhood cemetery.

Plat

There seems to be no plat for the cemetery; at least none could be located.

Headstones

Note: Because no plat was available to follow, the headstones in the Doggett Cemetery were read from south to north, beginning on the west side of the burial ground. V in the margin before a name designates a veteran. M in the margin before a name designates that there is no stone, but a funeral home metal marker. No attempt was made to estimate the number of vacant spaces in the rows between the headstones read. Those spaces may represent unused burial plots or burials without headstones.

TRUEBLOOD CEMETERY

East Lancaster Township
32-75-11

Location

Trueblood Cemetery, or Basey as it is sometimes called, is southeast of Lancaster. It may be reached by taking the paved road east of Lancaster for a little over one-half mile to the first gravel road leading south, then south for approximately three-fourths mile. The cemetery lies in the field about one-fourth mile to the southeast where a few large trees are close to the fence row.

Physical Features

The cemetery is not fenced and livestock may at times be in the field. Those headstones that remain are lying on the ground and few are not broken. There are weeds and some dead timber, making it difficult to find the headstones or parts of stones.

Land Description

As nearly as could be determined the cemetery lies in the South Half of the Northwest Quarter of the Northeast Quarter of Section 32, Township 75 North, Range 11 West of the 5th P.M. The cemetery is not shown on the Land Plat Book in the County Auditor's Office. Deeds pertaining to this above mentioned portion of land do not make a reference to the cemetery. Because the cemetery was never deeded or excepted from deeds of surrounding territory, it is impossible to give a specific description or size of the cemetery.

History

William Trueblood entered the Northwest Quarter of the Northeast Quarter of Section 32, Township 75 North, Range 11 West of the 5th P.M. on September 13, 1851. In 1866, William Trueblood and his wife sold the South Half of this Forty to Benjamin F. Trueblood. At a later time H. D. Basey acquired this Twenty Acres and it may be that through his ownership, the cemetery was sometimes called the Basey Cemetery. Jane, the wife of Wm. Trueblood is buried in this cemetery, as is also Belinda, the wife of Wm. Trueblood. It has been reported that Wm. Trueblood was also buried there, but no stone for him could be found.

March 1, 1947, John C. Weber and Clara B. Weber purchased the South Half of the Northwest Quarter of the Northeast Quarter of Section 32, Township 75 North, Range 11 West of the 5th P.M., together with other land and as in previous deeds no mention was made of the cemetery in the land description. John Weber in the time that he owned the land has been concerned about the unfenced condition of the cemetery and asked the township trustees to provide for its preservation through adequate fencing, but his request was not granted. There is no question but that in the course of a few years the stones which are there now will no longer exist.

Headstones

The headstones and pieces of headstones are listed as they were located. It is evident that the stones are no longer at the exact location of the grave.

PENNINGTON CEMETERY

West Lancaster Township
26-75-12

Location

Pennington Cemetery is approximately four miles south of Sigourney on Highway 149 on the west side of the road.

Physical Features

The cemetery is on practically level ground except the southeast portion which slopes considerably to the southeast. The cemetery is fenced on north, west, and south sides with no fence on the highway (east) side. The drive leading into the Cemetery from the Highway is upgrade, but not difficult. A graveled rectangular driveway plan in the cemetery makes for easy access to the various parts of the burial ground. Other drives leading from the rectangular drive may later be graveled. Township funds are provided for cemetery care and maintenance. Large evergreen trees in the center section of the grounds add to the appearance of the cemetery. A small chapel is north of the access drive.

Recorded July 16, 1864
Deed Record M, page 175

Description: Commencing at the Southeast corner of the Northwest Quarter of the Northeast Quarter of Section 26, Township 75 North, Range 12 West of the 5thP.M., thence running West 20 rods, thence North 40 rods, thence East 20 rods, thence South 40 rods, to the place of beginning, said lot containing five acres and to be used expressly for a public burial ground.

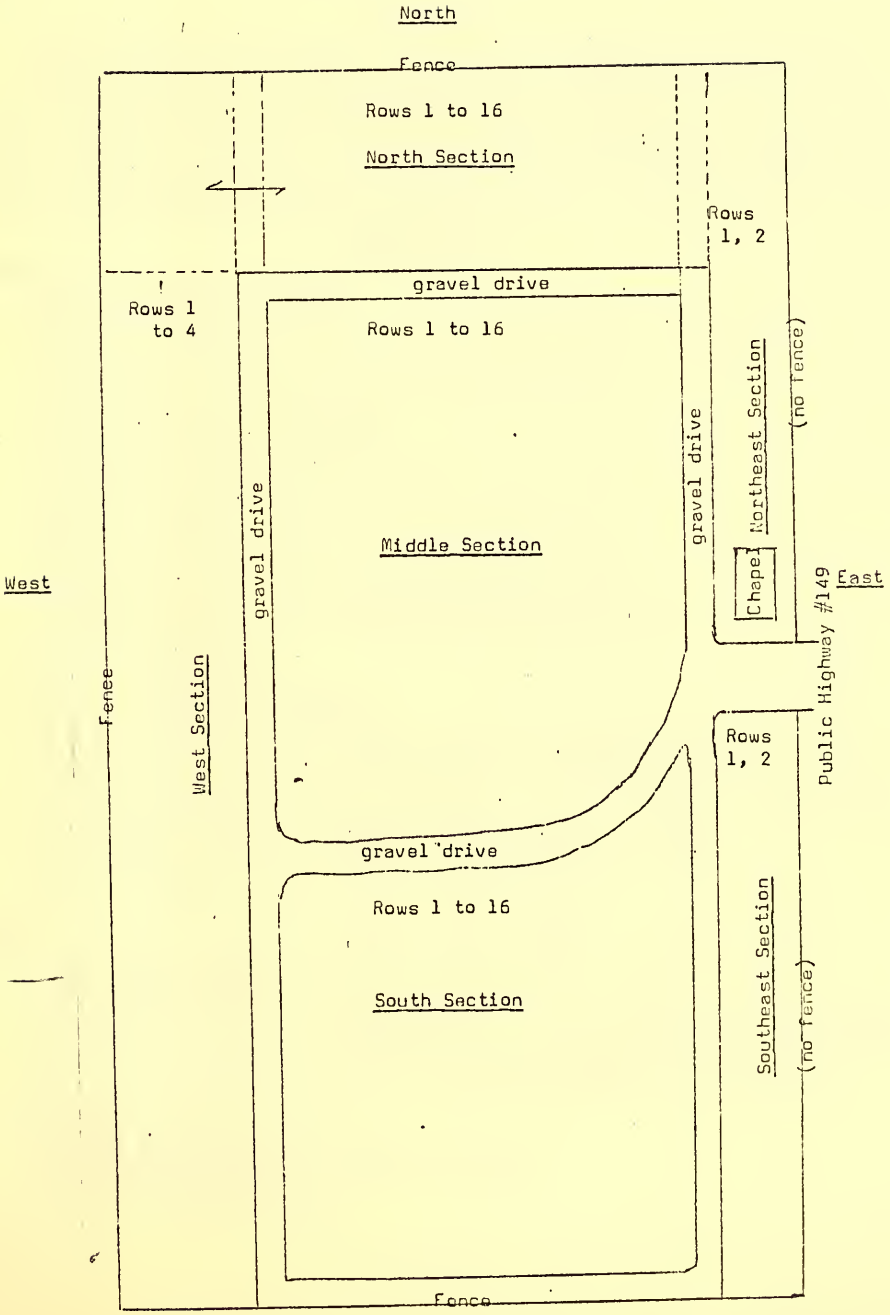
History

No specific history of Pennington Cemetery was obtainable. It is the only cemetery in West Lancaster Township. The burial plots in this cemetery are free, but cannot be reserved.

Plat

There is no plat of the cemetery at the present time. The old plat is in the process of being revised. On the next page is a sketch of the layout of the grounds with reference to sections. The headstone listers read the headstones by sections and this layout sketch may be helpful in locating the areas.

Cemetery Sketch



Headstones

Because no plat was available to follow, the headstones were read by rows from north to south, beginning at the west side. In many instances, especially in the Middle Section, it was impossible to read by rows accurately as the rows were not straight. V in the margin before a name designates a veteran. M in the margin before a name designates that there is no stone, but a funeral home metal marker indicates a burial plot. No attempt was made to estimate the number of vacant spaces in the rows between the headstones read. Those spaces may represent unused burial plots or burials without headstones.

BURIAL ON OLD BAKEHOUSE FARM
(NOW BERNARD HERMANN FARM)

South Plank Township
8-75-11

Ray Cassens, Emma Cassens Fairchild, and Helen Bakehouse White have given information about the burial spot on the farm of the early pioneer, Karl Bakehouse. The lister had previously heard of this burial plot through other sources.

A man by the name of Fritz Humpke, who died in 1846, was buried under a large oak tree on the Karl Bakehouse Farm. Also buried at this spot is the stillborn child of Humpke's widow. The bones, except the wrist bone, of Dora Humpke, the little daughter who met her death in the night in the timber, are also buried here. Helen White reports that she had heard that the Christian Duensing and the Fritz Humpke families had a few children who passed away in the severe winter and who were buried at this spot. Emma Fairchild reports that her mother told her that a Strohman child was buried there. These facts about the other families could not be verified.

Helen White reports further about little Dora, whose bones were buried under the oak tree. Dora went on an errand with her dog to a neighbor and on the return trip home it is said that she was attacked by wolves and killed. Some persons question that she was killed by wolves and think that because of the severe storm she may have been struck by lightning and later devoured by wolves. Twenty-one days after her disappearance, bones of her body were found in the timber and the mother in her intense grief kept the wrist bone and a piece of the dress she had worn the day of her disappearance. The bones were buried under the tree at the burial spot, but the mother kept in her wooden chest the wristbone wrapped in a piece of the homespun cloth of the child's dress. The mother requested that this bone be buried with her and Helen Bakehouse White, her granddaughter, reports that fifty-six years later she was a witness to the fact that the bone saved by Mrs. Humpke, then Mrs. Bakehouse, was placed in the casket with the mother's body.

At the present time (1975) the tree is gone. The graves were never marked because all the "old timers" knew exactly the spot where they were buried and could direct anyone to the place. Formerly there was a rail fence around the burial plot, but after the farm was no longer in the Bakehouse family name, the fence was removed and the spot farmed.

Mr. Humpke's widow married Karl Bakehouse and they are the parents of Dick (who lived in Oklahoma), Will (Bill), Mary Bakehouse Fritz, Charley, and Sophia Bakehouse Kleinschmidt.

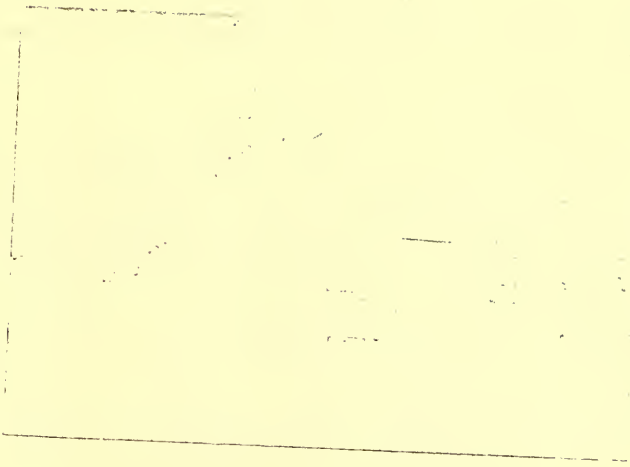
History

In 1844, a small group of German immigrants who had come to this area of Keokuk County held neighborhood religious meetings in the homes of the various members of the group. That was the beginning of their interest in a more central meeting place and a year later a 16 x 18 log cabin was built where services were held.

In 1844-1846, the Rev. John Mann was the first minister of the Bethel German Methodist Episcopal Church, which was the oldest German Methodist Church in Iowa. In 1848, a second and larger log church was constructed. After this log church was outgrown, a frame structure was built. The Old Bethel Cemetery was near the church and some headstones may be seen on the picture of the first frame church which follows.



In time it was considered advisable to relocate the Bethel Methodist Church to be more easily accessible by public highway. A new site was acquired and a new church building constructed, which is the present church on Highway 82, six miles east of Sigourney.

When the new Bethel Cemetery ground was purchased in 1892, diagonally across the road from the new Bethel Methodist Church, burials were made there. Some were removed from the Old Bethel Cemetery and reburied in the new. There is no list of those whose bodies were transferred, nor is there a list of those buried in the old cemetery.

Because of the location of the Old Bethel Cemetery in the field without a good access road, few people went to the cemetery other than those who had close relatives buried there. Those who had memories through family connection with the church, its services, and its influence were concerned about the grounds and care. In the last decade, the owner of the surrounding land has removed the fallen stones and placed them against a barn in the farm building lot. These were the stones and pieces of stones the cemetery listers read.

Plat

There is no information at this time about the existence of a plat.

Headstones

The following stones and pieces of stones were read by the listers. Where pieces could be fitted together by design or other identifying marks, they were read as a unit.

Henry A., son of B. and M. A. Keeler, d. April 6, 1870; age (broken; could be 1 mo.) 6 das. (stone broken)
Anna C., wife of Henry Seaba, d. Oct. 17, 1879; in the 83 year of her age. (stone broken in half)
Daniel Orsborn (this was a broken piece; no other portion of stone was found)
Lily, dau. of C. and S. A. Seaba, d. Aug. 11, 1871; age 1 yr. 2 mos.(stone is broken; remainder of age cannot be read)
Henry Seaba, d. Mar. 21, (stone broken; other part cannot be found) (He came from Germany)
Jacob Hatter, d. Sept. 23, 1860; age 32 yr. 11 mos. 6 das.
Jasper M., son of J. & N. (likely Hatter) (Stone broken; cannot find part about his death or age)
Ma (remainder of name is broken off as stone is broken in half) wife of J. J. Jaques, d. Feb. 12, 1859,; age 24 yrs.
(First name is broken off of stone) Jaques, b. Mar. 12, 1857; d. Jan. 6, 1862
(Name broken off), _____, 1866; age 68 yrs. 7 mos. 20 das.
(Stone broken,only age appears) age 64 yrs. 11 mos. 29 das.
(Stone broken),_____4, 1860; _____ yrs. 7 mos.
Frederika A., dau. of J.&J. Winegarden, d. Dec. 16, 1869; age 1 yr.. 1 mo. 20 das. (Top of stone is broken off)

(Marker with "R.W." on it)
Josephein, dau. of J. and M. Gross, d. July 21, 1876; age 2 mos. 21 das. (This stone is not broken)
John, son of J. and A. M. Gross, b. June 27, 1862; d. Dec. 18, 1875 (Stone is broken only at edges)
Rachel Wolff, d. July 31, 1863; age 20 yrs. 9 mos. 16 das. (Stone is broken)
(First name not readable) Scharnhorst, d. Sept. 27, (year broken off); age 75 yrs. (remainder of age broken off) (This stone was broken into many pieces.

Additional Information

Mrs. Estella Hinnah Luers reports that her father's brother, Wilhelm Hinnah, born December 1, 1863 and died October 27, 1881, is buried in Old Bethel Cemetery. Perhaps two or three infant brothers and sisters are also buried there.

Mrs. Grace Scott reports that John Snakenberg, her great grandfather, was buried in Old Bethel. She does not know his birth or death dates.

Mrs. Edna Kuhn Hoffman reports that her grandfather John Henry Gruber, born in 1826 and died in 1863, is buried in Old Bethel Cemetery.

OLD EVANGELICAL CHURCH BURIAL GROUND

South Plank Township
9-75-11

The first Evangelical Church was a log structure located in Section 9, Township 75 North, Range 11 West of the 5th P.M., approximately eighty rods south and 80 rods east of the Stony Point Schoolhouse corner. It was on the south side of the old stage coach road from Garibaldi northwest. This log structure was constructed about 1850 and was abandoned when the new brick structure of the Evangelical Church (also known as the Brick Church) was built on the road (now Highway 92) about a mile and a quarter north of the log structure.

Much of the information about this church and the small cemetery beside it has been given the listers by Ray Cassens, Harvey Cassens, Emma Cassens Fairchild, and Pearl Voltmer Barron, all of whom grew up in the vicinity and whose parents were associated with the early church. They state that at one time they knew of seven or eight people having been buried there. These deceased persons may not have had headstones at their graves, at least no headstones are now or have for a long time been in existence. The cemetery has been farmed over for many, many years.

Pearl Barron reports that Suzanne Blaise, a daughter (the second child) of Mathias and Margaret Blaise was buried there. She was born in 1849 and died in 1855 at the age of six years.

Harvey Cassens reports that two of Christian Duensing's children were buried there. He does not know the names or the dates.

Though this information is very incomplete and indefinite, this cemetery is reported in the county cemetery project in the hope that at some future time someone may be able to supply further information and names.

[illegible]

South Prairie Township
18-7S-11

Location

Garibaldi Cemetery lies about six miles southeast of Sigourney. It may be reached by going three miles east on highway 92, turning south on gravel road and going two miles to first "T" road, turning left (east) for about one and a half miles. Near the end of the mile-and-a-half distance there is a bridge over German Creek, then over the hill there is a farm gate on the south side of the road. From the farm gate to the south it is about 1/10 of a mile to the Cemetery entrance.

Physical Features

The cemetery size is 32 feet East and West by 45 feet North and South. It is a fairly level piece of ground with only a slight slope to the east. There are no trees, but there are shrubs and rose bushes. The cemetery receives township care and is completely fenced with a walk-in entrance gate.

The agreement refers to the land deed above set out and recorded in book Y, page 193.

"Whereas said Garibaldi Frei Gemeinde no longer exists, and Whereas a part of said tract has been used for burial purposes, and Whereas the fence around said tract is dilapidated and a new fence is necessary,

"Now, therefore, in consideration of the premises said first party hereby leases to said second party all of said eighty feet square, except the following described tract, commencing at the Southwest corner of said 80 feet square, running East 32 feet, thence North 45 feet, thence West 32 feet, thence South 45 feet to place of beginning, and in consideration therefore said second party is to and [illegible] by agrees to build and maintain a hog tight fence around said tract last above described, said fence to consist of 48-inch woven wire, with one strand of barbed [illegible] on top, posts to be set firmly in the ground not over 9 feet apart, a woven wire gate is to be put in and maintained at the northwest corner thereof, said gate to be not less than four feet wide.

"Said fence to be kept in good repair at any and all times to the satisfaction of said first party or their successors in office.

"In case any of said land herein leased should at any time be desired for cemetery purposes or whenever said first party or their successors in office see fit so to do then this lease to be void and of no effect, and by giving thirty days notice, first party or their successors in office may reenter upon said land and remove all persons therefrom, without process of law.

"This lease is to run as long as said fence is maintained and kept in repair to the satisfaction of first party or their successors in office, said first party reserves the right to declare this lease at an end whenever they choose so to do.

"Second party to have the right to assign this lease to her grantees and assigns."

History

The post office in Caribaldi was established July 2, 1861, and abandoned on Nov. 1, 1881. Caribaldi was laid out in 1855, according to the account in the Keokuk County History, 1880. The stage coach route went through the town, which had a post office, a store, and a Turner's Hall. Just when Caribaldi business establishments were abandoned is not known. The Caribaldi cemetery does not seem to have any burials after 1895, according to the stones which now exist.

Plat

There is no known plat of the cemetery.

Headstones

Headstones in this cemetery were read from north to south beginning at the east side. There may be burials for which there are no headstones or for which there is no information.

Henry Coeldner, d. Mar. 23, 1880, age 55 yrs. (This is the grandfather of Freda Bruns. The stone on his grave records the year as 1879, but this is incorrect.)

Albert Coeldner (There is no stone for Henry's son Albert at the present time. He is buried to the north of his father, Henry. There had been a stone but it is no longer there. He was born May 21, 1861; died, December 19, 1879. His mother was Sarah Teller Coeldner.)

Henry Coeldner (There never has been a stone for Henry Thomas, son of Henry and Sarah Teller Coeldner. He is buried to the south of his father. He was born Aug. 11, 1856 and died October 25 or 26, 1889.)

Eliese "Lizzie" Coeldner (This baby was the daughter of Henry and Lisette Schneider-berg Coeldner, an aunt of Freda Bruns. She was born December 5, 1879, and died July 16, 1880) (Burial plot not known)

Infant son of J. B. and R.C. Coeldner, d. Sept. 17, 1879

Emma Coeldner, dau. of J. A. and A. A. Coeldner, d. Dec. 30, 1878; age 3 yrs. 7 mos. 11 das.

Edward Coeldner, son of J. A. and A. A. Coeldner, d. Dec. 27, 1878; age 5 yrs. 9 mos. 7 das.

Alma Nauman, dau of C. and M. E. Nauman, b. Feb. 24, 1874, age 4 mos. 16 das.
Eva R. Nauman, b. June 9, 1876; d. March 8, 1877

J. A. Goeldner, d. June 1, 1883, age 49 yrs. 6 mos.

Additional Information

Anna Nauman Bruns reports that her grandfather, Charles Nauman, was buried at Garibaldi Cemetery, but his body was exhumed in the early 1900's and buried in Pleasant Grove Cemetery, Sigourney.

Meta Nagel reports that August Steigleder's body was exhumed and buried in an Ollie or Richland Cemetery. This was done in the early 1900's.

BURIAL IN NAGEL FARM

South Plank Township
16-75-11

Edith and Meta Nagel report that William Klett, Sr.'s mother was buried south of their windmill on the Nagel farm. The Klett home was located about where their driveway from the public road goes south to Nagel's house. The Klett home was a log cabin. Until recently the basement or cellar of the log cabin was visible.

South of the log cabin location approximately one-fourth mile were swamp areas with high swamp grass. It was in this area that Mrs. Klett was found drowned and she was buried in this vicinity. Her age or the date of her death are not known.

STOERMER CEMETERY

South Plank Township
4-75-11

Location

To reach Stoermer Cemetery, drive three miles east of Sigourney on Highway 92, turn right (south) on gravel road for one mile to the old Stony Point Schoolhouse, turn left (east) on gravel road and go a little over one-fourth mile to a gate going into a field on the north side of the road. In good weather one may drive over the pasture ground diagonally to the northeast to a small clump of hedge and brush and one large oak tree.

Physical Features

The cemetery is on level ground at the top of a knoll. The size of the cemetery plot as of 1974 is approximately 30 feet by 30 feet. There are only hedge-like trees, wild plum growth, and one large oak tree growing there. The evergreens that once grew there are gone. The cemetery is fenced and there have been repairs made to the fence in recent months, but the wire is old and may not long be stock proof.

Land Description

There is no specific statement in the Keokuk County deed records to show the size of the cemetery. The cemetery is specifically mentioned in the following deed:

Peter V. Kerkove and
Sarah J. Kerkove, husband and wife,

to

William Meyer

Warranty Deed
Dated Mar. 2, 1916
Recorded March 3, 1916
Deed Record 49, page 240

Description: (Other real estate is also described, but only that related to the cemetery is given here) The South Half of the Southeast Quarter of the Southwest Quarter, except 22 feet in equal width thereof, all in Section 4, Township 75 North, Range 11 West of the 5th P.M.

The description is followed by a statement pertaining to partition fences and the further statement that pertains to the cemetery: "It is further understood that a certain small cemetery situated on said premises shall at no time be disturbed, in accordance with a certain contract between these grantors and Jacob Pfannebecker and wife, and grantors agree and are to keep said cemetery properly fenced at all times."

A search of the Keokuk County records did not reveal a recorded contract between Jacob Pfannebecker and Peter V. Kerkove.

On March 22, 1939, William Meyer and [illegible] Meyer, husband and wife, deeded to the Federal Land Bank of Omaha the South Half of the Southeast Quarter of the Southwest Quarter, except the West 22 feet thereof and except the Cemetery of Section 4, Township 75 North, Range 11 West of the 5th P.M. (other land also deeded, but only that which relates to the cemetery is shown). Deed Record 65, page 527, recorded June 21, 1939.

On December 28, 1943, the Federal Land Bank of Omaha, by Lee E. Manion, Vice President, Attest: Wayne E. Smith, Asst. Secretary, deeded to Lyle J. Shaneyfelt and Margaret Ruth Shaneyfelt, husband and wife, the South Half of the Southeast Quarter of the Southwest Quarter, except the West 22 feet thereof and except the cemetery of Section 4, Township 75 North, Range 11 West of the 5th P.M. (together with other lands). Deed Record 80, page 87, recorded Feb. 23, 1944.

Lyle J. and Margaret Ruth Shaneyfelt are the present owners of the real estate surrounding the cemetery and Orel Dyson is the tenant farmer.

History

Jacob Stoermer was an immigrant from Germany and on September 2, 1868, he acquired the East Half of the Southwest Quarter of Section 4, Township 75 North, Range 11 West of the 5th P.M., from John C. Culbertson who had entered the land from the Government. Mr. Stoermer planted a few evergreens in this area and he was very proud of these trees growing among the native timber. As some of his friends and neighbors lost members of their families in death, his kindly spirit showed itself in his inviting his friends to bury their loved ones under these trees.

As a child, Freda Bruns remembers her grandmother, Lisetta Goeldner commenting about Mr. Stoermer's generosity as a neighbor giving burial space for the children of her and her husband, Henry Goeldner.

Grace Sanderson, a great granddaughter of Jacob and his wife, Lizzetta Henriette Stoermer, relates that one remembers her parents speak of the time when they passed away and were buried in the cemetery. Until recent years there was always a headstone at their graves.

Neighbors in the vicinity of the cemetery recall that there were as many as twelve to sixteen headstones there in the early 1900's. There is only one headstone there today, 1974, though there were two headstones when the listers were there in 1972. The size of the cemetery is much decreased from its original size as recalled by several of the former neighbors in the vicinity who were well acquainted with the burial plot. The size of the cemetery has been estimated at 50 feet x 60 feet or possibly larger. Those who have discussed the cemetery's history with the listers are Mrs. Lydia Wallerich, Ray Cassens, Mrs. Louis [illegible]ton, Frank Pfannebecker, and Harvey Cassens, all of whom either grew up or lived in the neighborhood.

A hired farm laborer who had come from Germany was employed by Grandfather William Hannah. When the man died, he was buried in the Stoermer Cemetery, but Mrs. Stanton, who gave this information, was not certain of his name. The most recent burial likely is that of Fredrech Meusel, who according to the headstone found in 1972, died June 25, 1876. Whether or not Fredrech Meusel was the name of the hired man is not known.

There is no definite information about whether there were Stoermer children buried in the Stoermer Cemetery. There seems to be no way of getting any more specific information at this time.

Known Burials

Jacob Stoermer (birth and death dates not obtainable; headstone no longer there)
Lizzetta Henrietta Stoermer (birth and death dates not obtainable; headstone no longer there)
These are the grandparents of Frank and Gus Pfannebecker; the great grandparents of Grace Sanderson, Fern Lucas, and Glen Clubb; and the great great grandparents of Ergo Tosbuker and Dan Lucas.

Maria "Mary" Goeldner, b. Mar.6 (year of birth and death date not known)
Emil Goeldner, b. July 9 (year of birth and death date not known)
Carl Wilhelm Goeldner, b. Sept. 2 (year of birth and death date not known)
Ewald Goeldner, b. Sept. 6 (year of birth and death date not known)
Hulda Goeldner, b. Nov.14 (year of birth and death date not known)
Mina "Minnie" Goeldner, b. July 9 (year of birth and death date not known)
These are the infant children of J. Henry and Lisetta Goeldner. There is no record of the year of birth, the date of death, or the age of the child at the time of death. They died between the years 1870 and about 1878 or 1879. There never were any headstones for these children. Henry and Lisetta Goeldner are the grandparents of Freda Bruns.

Johanna Elisabeth Meusel, d. Mar. 15, 1875; age (?) yrs. 2 mos. 12 das. There was also a footstone slab with initials "J.E.M." (Headstone still there)
Fredrech Meusel, d. June 25, 1876; age 65 yrs. 10 mos. 11 das. This headstone was in the cemetery in 1972 and 1973, but is no longer in the cemetery. There was also a footstone slab with initials "F.A.M." Apparently Fredrech and Johanna were husband and wife.

(The above listing would only account for four of the 12 to 16 headstones that were there originally. After much inquiry from persons living around Sigourney, no one can enumerate other burials)

SUNNY RIDGE CEMETERY

South Plank Township
4-75-11

Location

Sunny Ridge Cemetery (sometimes called Lutheran, Evangelical, German ... or Brick Church Cemetery) is located three and one-half miles east of Sigourney, Iowa, on Highway 92. It is on the south side of the highway with an entrance at the northeast corner of the cemetery grounds.

Physical Features

This cemetery is completely fenced with no gate at the driveway entrance into it. There is a small white frame chapel standing approximately in the spot where the Brick Church stood. This chapel was used in years past for funeral services. The cemetery is kept well mowed, except the portions of the ground where there are no graves.

Lutheran Denomination

Warranty Deed
Consideration: $2.50
Dated June 22, 1857
Recorded January 5, 1874
Deed Record X, page 526

Description: Two acres square out of the North Fractional Half of the Northeast Quarter of Section 4, Township 43 North, Range 11 West of the 5th P.M. ... the conditions of this deed is that so long as it remains in possession of the above said denomination or among other Protestant Denominations, it is valid and should it be conveyed to a denomination not authorized by this instrument, then the above said premises to fall back to the original ... or their heirs or assigns.

History

In 1857, the Evangelical Church, which had but grown its log church ... south of Stony Point school on the Henry Mohme farm, bought a two-acre plot of ground from Charles Sager and his wife, Caroline. The deed was made to the "Lutheran" Denomination, but the religious group which purchased the property belonged to the Evangelical Synod of North America, with headquarters in St. Louis, Missouri. (The cemetery has often been erroneously referred to as the Lutheran Cemetery.)

A brick church building was erected on this two-acre plot and a house for the pastor was built near the church. It was decided to use some of the ground for a burial plot and the burials were made in rows in the order of death dates. The rows of graves began northeast of the church, the rows running from north to south from the public road toward the church. Because the burials were in exact sequence in rows, families are scattered in the "row" section of the cemetery.

In 1887, the Evangelical Church constructed a church building in the north of Sigourney, to provide a more central location for its church members, many whom lived in Sigourney or in the rural areas south and west of Sigourney. Services were also conducted in the Brick Church (Evangelical Church) east of Sigourney for those members who lived in the immediate vicinity. The two Evangelical Churches continued for a time.

In January, 1904, at a meeting of the church members of the German Creek congregation (Brick Church), it was decided to enlarge and beautify the cemetery where over 200 persons were buried. They decided to get away from the use of "lot burials" and lay out lots to meet the wishes of families. They also decided to sell the parsonage and old barn so the lots could be measured and laid out and a new fence put around the cemetery.

From minutes of meetings of the Evangelical Church at German Creek, there is evidence that the members took great pride in improving and beautifying their church grounds. They decided in June, 1904, that their members be allowed to join another church, yet retain their full right of expression in the affairs of the Evangelical Congregation of German Creek.

In November, 1904, the plans were discussed for laying out the additional lots, the size of which were to be 12 x 20 feet. After reading the church book the following persons were to have a right of ownership of the possessions of the congregation: John Beinke, Wilhelm Beinke, H. Duensing, Sr., C. H. Wolfe, D. D. Buehneman, F.F. Wickenkamp, D. Bakehouse, W. Wickenkamp, Sr., H. Wickenkamp, Jr., F. Bakehouse, Albert Bolke, Fred Meyer, Fred Schwenke, Ludwig Koch, W. Wickenkamp, Herman Luers, Andrew Kadel.

On November 27, 1904, the laying of lots having been completed, the group met to give opportunity for the members to draw for lots. The former officers of the old parish were relieved of their offices since the congregation was now organized as such any longer. In place of the officers of the congregation, the owners of the cemetery elected three men to handle the cemetery business. Wilhelm Beinke, F. F. Wickenkamp, and D. D. Buehneman were elected to take care of these duties. A constitution was formulated, the owners of the cemetery to meet every two years to elect three men from their midst to take care of the cemetery business. Office was to be held for two years.

From the minutes of the cemetery owners (members of the Evangelical Church of German Creek), it appears that meetings were held every two years; however, the time of meeting was changed from January to the fall of the year. The main interest was always in the care of the buildings and the cemetery grounds.

In the year 1914, a storm came through the area severely damaging the Brick Church. In the September 20, 1914, meeting, Fred Bakehouse, Charles Seger, and Dick Schimmelpfennig were asked to tear down the remainder of the building. Wilhelm Beinke, Fred Bakehouse, Henry Duensing, and Chris Pfannebecker also helped dismantle the building. The committee--Bakehouse, Seger, and Schimmelpfennig were to solicit funds for a new building to be erected in which to have funeral services and to serve as a chapel on the grounds. John Schwenke and Henry Schaefer built the new structure.

On October 12, 1917, the trustees of Cannon Creek Cemetery were: F. C. Bakehouse, President; Dick Schimmelpfennig, Vice President; Oscar Pfannebecker, Secretary, and William Meyer, Treasurer. In 1917 the name of the cemetery was changed to Sunny Ridge, previously called Cannon Creek Cemetery.

On June 10, 1926, a permanent trust fund was created and bylaws were to be used for the maintenance of the cemetery.

In recent years there have been no regular business meetings of the cemetery group and no election of officers. Oscar Pfannebecker, who is now deceased, looked after the cemetery for ten or fifteen years. After his death, Denver Pfannebecker, brother of Oscar, has been taking care of the cemetery business. Denver Pfannebecker is an uncle of Mrs. Kennon (Helen) Linder and Mrs. Leroy (Nettie) Olin.

There have been gifts of money and bequests to the cemetery. The income from the permanent funds and the money received through the township trustee are used at the present time to keep the cemetery mowed and the fences in repair. At the present time the Chapel is not in use. The cemetery records at the present time are with Denver Pfannebecker. He has worked faithfully in caring for the cemetery and looking after the business connected with it.

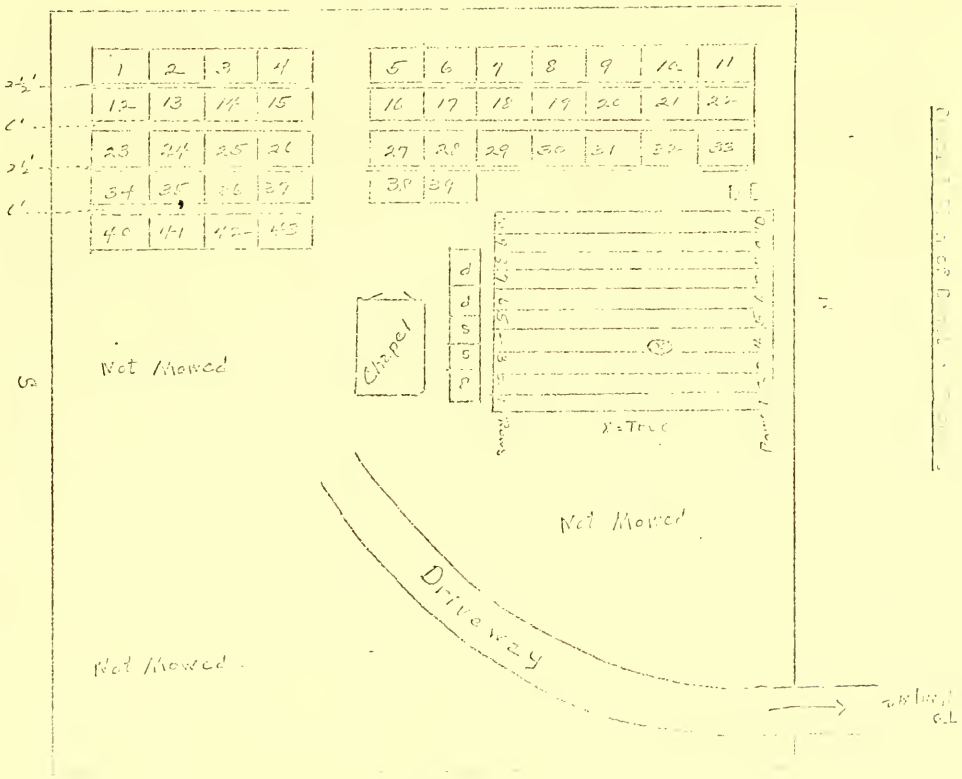
Plat

At first, few of the persons had headstones or the headstones since the cemetery's beginning have been broken or removed. Apparently a list of the burials was kept with the names, birth dates, and death dates, but that list has become lost so it is impossible to know who has been buried in the Cannon plot in the earlier years.

Because the spaces between the stones standing in the cemetery now do not seem uniform, the space allowance may have varied for infant and adult burials. There is no certainty as to how many may have been buried in one row. The rows appear to be approximately 130-140 feet in length with about 22 to 24 burials per row.

There is no plat of the row section, but the lots later laid out are recorded in the record book. The diagram that follows is a sketch of relative proportions.

(Sketched plan on next page)



Not Mowed
Chapel
Not Mowed
Not Mowed
Driveway

In the row section of the cemetery, the headstones were read from north to south, beginning at the east side. No attempt was made to estimate the vacant spaces in the rows. Because of the row plan of burials, it is assumed there were burials in each of the spaces, but that either there never was a headstone or that the stone has since become deteriorated or removed. The list of those buried during the early cemetery history was lost. Only those with stones are known.

[illegible]

For all of the burials mentioned here, no stones identify the burial spot.

Albert Bakehouse (age 66) reports that as a child he remembers that there a small plot the size of a few graves with a picket fence around it to the east of the brick church building and he had understood that there were graves in the enclosure. He does not remember whether there were stones there or who was [illegible] buried there.

Emma Fairchild (age 65) reports that two small children who were brothers of her father, Henry Cassens, died and were buried in the plot in the southeast corner of the cemetery grounds (above mentioned plot). The area must have contained a spring, as the ground seemed rather soggy and wet, so some of the bodies of the adults and small children were removed and reburied in the row section. A number of the adults and children were not taken up as their next of kin felt that they did not want to disturb the burials. That area was kept mowed and relatives cared for the graves of their family members. In recent years there has been no observation of that plot as a burial grounds and few people know that one ever existed in that corner of the cemetery grounds.

Mrs. Augusta Hauschild reports that Amanda Hauschild, the mother of her husband, Peter Hauschild, was buried in the row section of Sunny Ridge Cemetery. She died about 1916; the exact date is not known. Her husband had a sister, also named Amanda Hauschild, buried in the row section. She died sometime in the early 1900's.

Mrs. Elmer (Lottie) Hauschild reports that her husband, Elmer, had a half-brother, John Hauschild, buried in this cemetery. No dates are known. Henry Hauschild, a brother of Elmer, is buried in what is designated as Row 11, but there is no stone. He was born September 24, 1878, and died July 21, 1950.

Mrs. Louise Buchnemann Strohman, wife of Louis Strohman, says that her great-mother, Louise Buchnemann, was buried in Sunny Ridge. She does not know the birth or the death dates.

Freda Bruns reports that according to the old death records of the church and cemetery, Caroline Schimmelpfennig, her great grandmother, is buried in Sunny Ridge Cemetery. Her death date is July 30, 1878. It is believed that her stone was in Row 8, where there is only the base standing now in the beginning of that row.

Albert Bakehouse says that in the row section northeast of the Chapel there are three of his aunts (sisters of Fred and Dick Bakehouse) buried there. Two died when they were very young, about two or three years old, and one when about two years old. There never was a tombstone there and he does not know the approximate dates.

Mrs. Malina Ahrens Herrick reports that her great grandfather, John Schroyer, is buried in Sunny Ridge Cemetery. He died June 2, 1878. His birth date is not known at this time.

CLARY (DURLAND) CEMETERY

Van Buren Township

25-76-12

Location

The Clary (Durland) Cemetery is located on the Verne Sherwood Farm (1975), which is two miles north and about one-fourth mile east of Sigourney. To reach the Sherwood farm take the North Main Street road out of Sigourneythe two and one-fourth miles. To reach the cemetery, walk through the barn lot at the farm, then south through the pasture for about one-fourth mile. The burial ground is completely enclosed with a high woven wire fence. There are a few small trees growing on the plot. The size is about 30 by 30 feet.

Land Description; History, and Headstones

Without question the Clary (Durland) Cemetery was originally a family burial ground. Though time did not permit an exhaustive search of the county recorder's office records, no record was found of a deed for the cemetery plot. There was only one deed for the surrounding real estate which mentioned the cemetery. This deed information is set out here to indicate the cemetery's location.

A. F. Durland and wife,
Rebecca Durland

to

Frederick Neumann

Warranty Deed
Dated June 3, 1889
Recorded June 3, 1889
Deed Record 18, 455

Description: The Northwest Quarter of Section 25, Township 76 North, Range 12 West of the 5th P.M., containing according to government survey 160 acres more or less, excepting one-half acre off the Northeast side of the Northeast quarter of the Northwest Quarter, also one-half acre of the Southwest Quarter known as grave yard near the Southwest corner of the Southwest Quarter of the Northwest Quarter of Township 76 North, Range 12 West of the 5th P.M., containing 159 acres, be the same more or less.

When the above real estate was sold by Frederick Neumann, no mention was made of a cemetery, nor was there any mention made of a cemetery in subsequent deeds.

At a time in the cemetery's history the burial area was not fenced, but was a part of pasture ground. At a later time the stones were taken up but shortly thereafter returned to the area. Those persons who knew the cemetery in the early 1900's say there were six to eight stones in the cemetery. The only stones which were found by the lister in 1975 are given below:

Clerance, son of A. F. and C. R. Durland, d. Oct. 14, 1875; age
1 mo. 11 das..
(Stone with top portion broken off and not there); d. Nov. 15, 18__
(last portion of year not there); aged 72 yrs.

JOHNSON CEMETERY

VenBuren Township
16-76-12

Location

Johnson Cemetery may be reached from Sigourney by three routes. The route which provides the greatest amount of paved road driving, though slightly longer, will be given here. Take Highway 92 west out of Sigourney to the Junction of V45 (Keswick Road) at the west edge of Sigourney; turn north on this highway and drive about four miles, turn west onto gravel road driving about one and three-fourths miles, then south for one-half mile. There is a slight jog to the east on this south distance. The burial ground is on the east side of the road.

Physical Features

The cemetery is on a slightly rolling area and is fenced on all sides except the entrance portion. The access drive is up grade from the graveled highway. There are only a few trees on the burial grounds, which are cared for by township funds.

Land Description

On Nov. 12, 1867, Oliver Johnson and wife, Phebey Johnson, deeded to Sub-District No. 5 Van Buren Township, one acre of land out of the Southwest Quarter of the Southeast Quarter of Section 16, Township 76 North, Range 12 West of the 5th P.M. This school property was just south of the Johnson Cemetery. This acre upon which the school stood was deeded to Earl O. Noller on April 1, 1954, after the school had been closed.

+ + +

No deed was found of record from Oliver Johnson for the cemetery land, but mention is made of the cemetery in the following deed:

Oliver Johnson and wife,
Mary Johnson

to

S. Sherwood

Warranty Deed
Dated Aug. 22, 1890
Recorded Aug. 22, 1890
Deed Record 19, page 279

Description: The South three-fourths of the West Half of the Southeast Quarter of Section 16, Township 76 North, Range 12 West of the 5th P.M., subject however to whatever rights the public may have to use the cemetery thereon situated and subject to the rights of the school district to maintain their school thereon. (Other real estate was also included.)

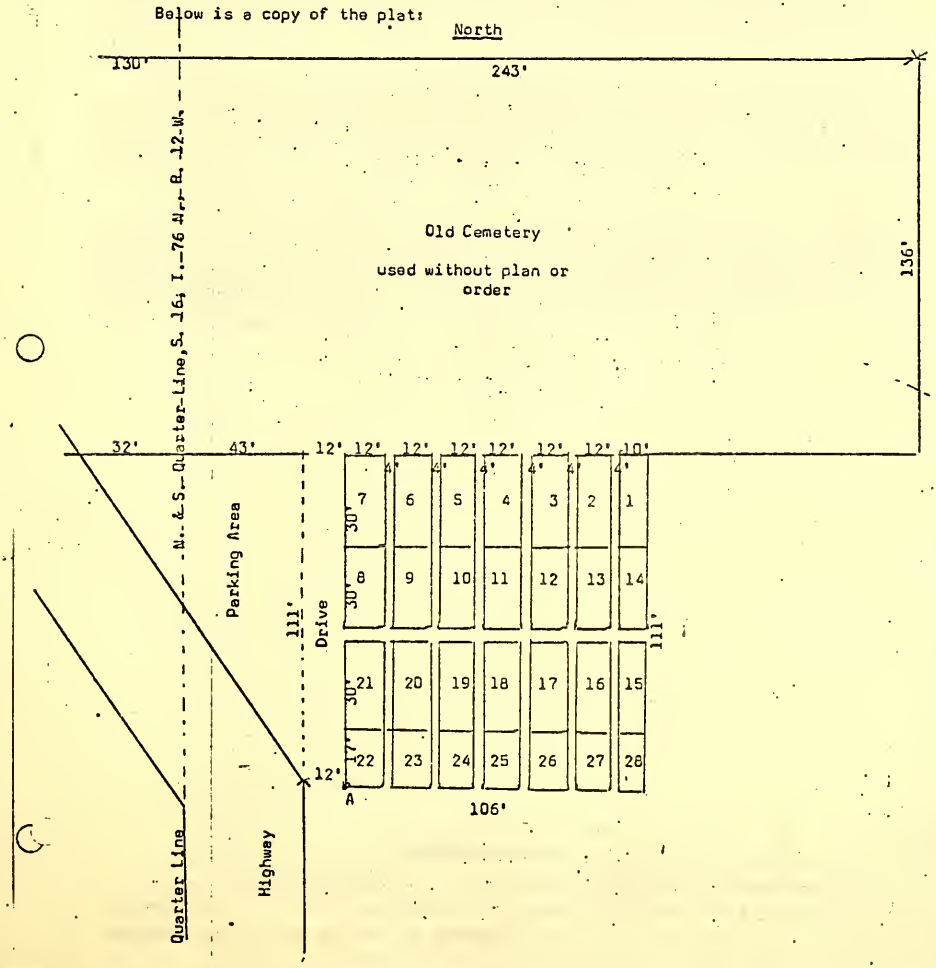
+ + +

On Nov. 28, 1932, there was filed and recorded in Plat Book 3, page 560, in the Recorder's Office of Keokuk County, a plat of Johnson Cemetery, showing an addition to the burial ground. The survey was made Oct. 22, 1932, by A. H. Brunt,

Professional Engineer and Land Surveyor, Iowa 409. The following notes appear on the plat of record:

"Notes: An addition to cemetery in S. 16, T. 76 N., R. 12 W. in Keokuk County, Iowa, consisting of 28 lots, numbered from 1 to 28, inclusive, with dimentions, shown in feet, as indicated hereon. Alleys are 4 ft. wide. Point "A" shown hereon is the South West corner of lot No. 22 and is situated 825 feet North and 55.5 feet East of the Quarter Section Corner between S. 16 and 21, T. 76 No., R. 12 W. 5th P.M. in Keokuk County and State of Iowa."

Below is a copy of the plat:

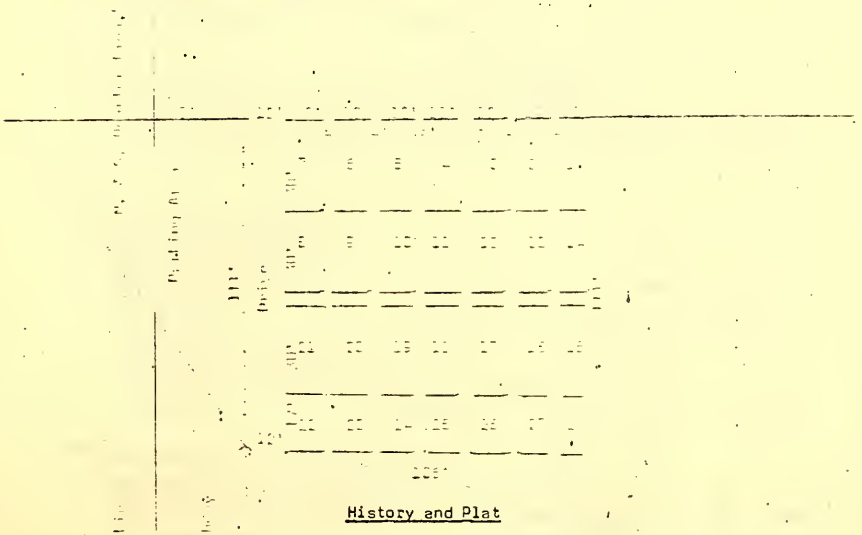


In deeds from S. Sherwood to James W. Junkins, and subsequent real estate transactions, the description of the adjacent real estate is given as the South 60 acres of the West Half of the Southeast Quarter of Section 16, Township 76 North, Range 12 West of the 5th P.M., except school grounds and cemetery lots.

Earl D. Noller sold on contract March 20, 1958, to Cloyd Fisher, Jr., and Mabel Fisher, husband and wife, (Misc. Rec. 11, page 210), the South 60 acres of the West Half of the Southeast Quarter of Section 16, Township 76 North, Range 12 West of the 5th P.M., except the cemetery lots. The school house and school house site were included in the contract purchase as Earl D. Noller became the owner of the school ground in 1954. (Other land not relevant here was included in the contract.)

In the Estate and Probate Records in the Clerk's Office, the land of which Earl D. Noller died seized is described, among other real estate, as "The South 60 acres of the West Half of the Southeast Quarter of Section 16 and Cemetery Lot, 2 acres" all in Township 76 North, Range 12 Westof the 5th P.M. This same description was used in the Earl D. Noller Trust.

Though no deed directly to the Township Trustees had been given in the early history of the cemetery, the cemetery boundaries have been established by use and established fence lines which have been acquiesed in by adjoining owners and also evidenced by the plat heretofore set out. To clear the title to the cemetery real estate and correct the description error, a Quit Claim Deed is in the process of being executed by the Earl D. Noller Trust to the Van Buren Township Trustees and will soon be made of record.



History and Plat

There is no history available other than as revealed in the foregoing land descriptions. No plat of the cemetery was located other than the one recorded in the Recorder's Office and set out herein.

Headstones

Because no plat was available to follow, the headstones in Johnson Cemetery were read by rows from north to south, beginning at the east side. V in the margin before a name designates a veteran. M in the margin before a name designates that there is no stone, but a funeral home metal marker indicates a burial plot. No attempt was made to estimate the number of vacant spaces in the rows between the headstones read. Those spaces may represent unused burial plots or burials without headstones.

PLEASANT GROVE CEMETERY

Van Buren Township
34-76-12
Sigourney Township
35-76-12

Location

Pleasant Grove Cemetery is located at the northwest edge of Sigourney. It may be reached by going west on Highway 92, turning north one-fourth mile west of the V-45 turn off. It is the first turn to the north after crossing the old railroad overpass.

Physical Features

Pleasant Grove is the largest cemetery in Keokuk County. The main slope is toward the south which provides an excellent view of the greater portion of the cemetery from Highway 92 and from the cemetery entrance drive. There are numerous trees and evergreens in the older portions of the burial grounds. It is fenced on all sides except at the entrance area. It is well cared for by a supervisor and assistants employed during the growing season.

There is one main road entering the cemetery from the south and paved drives branch from it to west and east making all parts of the cemetery easily accessible. There are restroom facilities and maintenance building on the grounds.

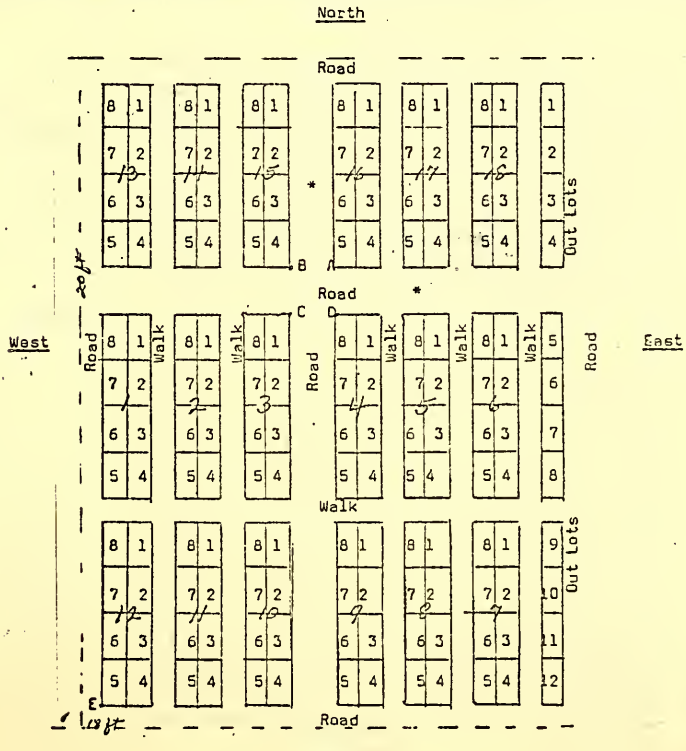
Land Description

Lender's Addition

On June 7, 1858, there was filed in Town Lot Deed Record A, at page 610, a plat signed and acknowledged by Joshua Landers and his wife, Elizabeth Landers, on June 7, 1858. Theyacknowledged that they caused the survey of land described below to be made, to be known as Pleasant Grove Burying Ground to be used for burial purposes only, and sold and donated in lots as designated on the plat.

Pleasant Grove Burying Ground is located on the Southwest Quarter of the Northwest Quarter of the Southwest Quarter of Section 35, Township 76, North, Range 12 West of the 5th P.M. There are limestone rock planted at A.B.C.D. and E, at C being 9 rods and 5 links north and 28½ links east of the southwest corner of the above described lot. The size of the lots east and west are 18 feet by 24 feet north and south. Width of roads are 20 feet. Width of walks are 9 links = 6 feet. There are 18 blocks and 8 lots in each block. There are 12 out lots the same size as the lots in blocks. Surveyed May 27 and 28, 1858, by Joel Crossman, County Surveyor, Keokuk County, Iowa. Plat is set out below:



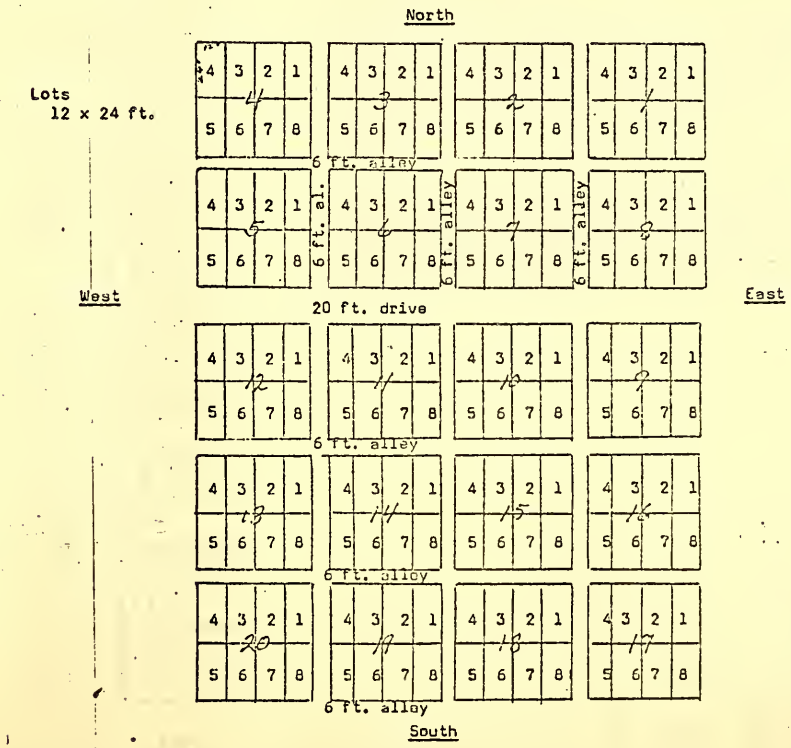
*Lots sold inthese two roadways in recent years.

Land Description

Silverwood's First Addition

On April 29, 1869, there was filed in Deed Record R, page 357, a plat of "James B. Silverwood's Addition to Pleasant Grove Burying Ground located on the Northeast Quarter of the Southeast Quarter of Section 34, Township 76 North, Range 12 West of the 5thP.M. The Northeast corner of Block 1 is 20 feet south of the Northwest corner of Pleasant Grove burying ground. There are 20 blocks and 8 lots in each block. The size of the lots are 12 feet by 24 feet. The alleys are 6 feet in width. There is a street 20 feet in width on south side of blocks 5,6,7, and 8." The plot was surveyed by Joel Crossman, County Surveyor, dated Apr. 6, 1869.

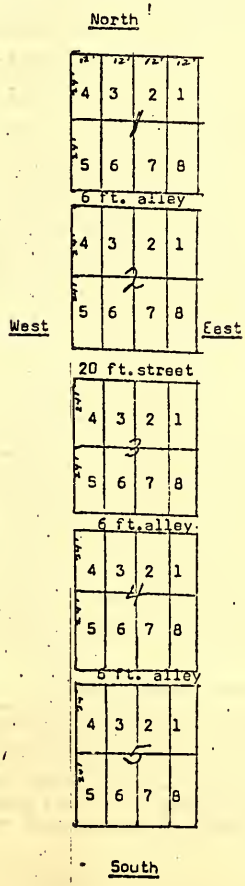
On Apr. 6, 1869, J. B. Silverwood and Ellen W. Silverwood acknowledged that the plat wes made with their consent and inaccordance with their desire, that they caused the survey to be made, that the plot of land was to be known as Silverwood's Addition to Pleasant Grove Burying Ground to be used for burial purposes only and to be sold in lots as designated on the plat. Notarized by S. A. James, Notary Public. On April 6, 1869, ordered by William McLoud, County Judge, to be recorded.



Land Description

Silverwood's Second Addition

On Oct. 15, 1872, there was filed in Deed Record X, pages 181, 182, of the County Records a plat of "Silverwood's Addition to Silverwood's Addition to Pleasant Grove Burying Ground" "located on the Northeast Quarter of the Southeast Quarter of Section 34, Township 76 North, Range 12 West of the 5thP.M. The Northeast corner of Block 1 is 6 feet west of the Northwest corner of Silverwood's Addition to Pleasant Grove Burying Ground. There are five blocks and eight lots in a block. The size of the lots are 12 ft. by 24 ft. The alleys are 6 ft. in width. There is one street 20 feet in width on south side of Block 2." This plot was surveyed by George W. Halferty, County Surveyor of KeokukCounty.



On Oct. 3, 1872, Ellen W. Silverwood in her own right; Ellen W. Silverwood as guardian for Charles Silverwood, Oscar Silverwood, and Lillie Silverwood; Fannie McClain; and C. S. McClain acknowledged that of their own free will and with their consent have caused a survey to be made of the tract and plot of ground to be known as Silverwood's Addition toSilverwood's Addition to Pleasant Grove Burying Ground tobe used for burial purposes only and to be sold in lots as designated on the plat. Notarized before and by E. W. McJunkin, Notary Public in and for Keokuk County on Oct. 3, 1872

Note: On the plat used currently by the Pleasant Grove Cemetery Association, the blocks have a different numbering sequence to fit the sequence of Block numbers of the first and third additions by Silverwood. Thus, Block 1 becomes Block 25; Block 2, 24; Block 3, 23; Block 4, 22; and Block 5, 21

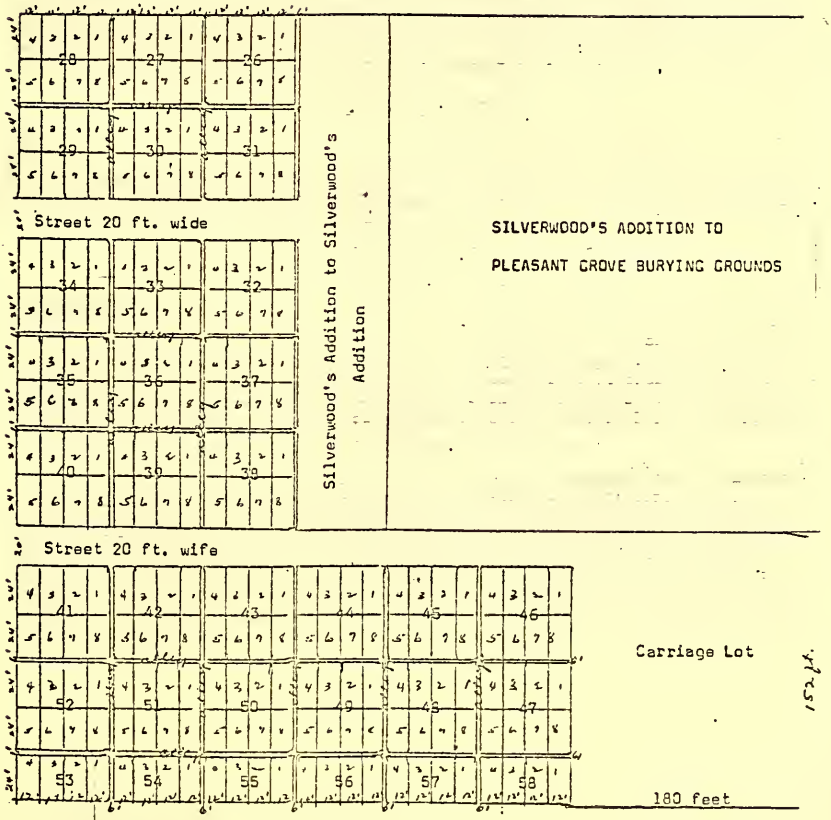
Land Description

Silverwood's Third Addition



The above plat of Silverwood's Third Addition is a sketch of that recorded in Deed Record 6, pages 48 and 49, filed June 7, 1879. This plat "represents Silverwood's Third Addition to Pleasant Grove Burying Ground situated in the East Quarter of the Northeast Quarter of the Southeast Quarter of Section 34, Township 76 North, Range 12 West of the 5th P.M., and embraces Blocks 26 to 58, inclusive. The Northeast corner of Block 26 is 6 feet west of the Northwest corner of Block 25 in Silverwood's Addition to said Burying Ground. There is a surplus of 4 inches in measurement east and west in Blocks 44, 45, 46, 47, 49, 56, 57, and 58, being made in that

Silverwood Third--cont'd.

way to correspond with the width of lots and blocks in the former addition which upon careful and accurate measurement was found to contain a surplus of 4 inches to each block east and west in said additions. The width of alleys and streets as well as of the lots are of the width and size indicated in the accompanying plat. Good oak stakes are driven firmly at the corners of each block.

"Surveyed May 30 and 31 and June 4 and 5, 1879.

Geo. W. Halferty, Surveyor"

On June 7, 1879, E. W. Silverwood, widow of James B. Silverwood and guardian of his minor children adopted the within survey. Signed and duly acknowledged by Ellen W. Silverwood, and filed for record.

Oelmeyer Addition

Joe A. Oelmeyer acquired certain real estate described as: Beginning at the Northeast corner of the Southeast Quarter of the Southeast Quarter of Section 34, Township 76 North, Range 12 West of the 5th P.M., then West 66 feet to point of beginning, thence South 82 feet, thence West 380 feet, thence North 82 feet, thence East 380 feet to point of beginning, from Joseph Barnhizer, a widower, Aug. 6, 1895, which deed is recorded in Deed Record 25, page 349.

The plat for this real estate is found in Plat Book 2, page 174, in the County Recorder's Office, said real estate being described in said plat as Lot 2 of the Southeast Quarter of the Southeast Quarter of said section, township, and range. The plat, filed April 22, 1896, was certified by H. C. Bishop, County Surveyor, as being a correct subdivision of the described land on April 20, 1896. On the 22nd day of April, 1896, A. Stranahan, County Auditor, certified that he had "caused the above plat to be made and recorded by reason of the failure of the owners of the above described land to do so." A copy of this plat appears on the following page (page 9).

Oelmeyer Addition--continued

Lot 2 of the Southeast Quarter of the Southeast Quarter was evidently subdivided into cemetery lots and sold by Joe A. Oelmeyer, using Blocks Nos. 59 to 70, inclusive; however, there is no plat of record for said Blocks, but using the information taken from the cemetery deeds of record and the current plat used by the Pleasant Grove Cemetery Association, the following sketch was prepared for information purposes only.

The plat was prepared and certified by A. H. Brunt, Surveyor, as a correct representation of the Subdivision of the Southeast Quarter of the Southeast Quarter of Section 34, Township 76 North, Range 12 West of the 5th P.M., as surveyed by him for Wallace Iosbaker, and said second addition is joined to and lies immediately south of the Wallace Iosbaker First Addition to Pleasant Grove Cemetery and is adjacent thereto. Signed by A. H. Brunt on July 5, 1917

On the same day, July 5, 1917, Wallace Iosbaker and Alice Iosbaker certified that they were the owners of the land above described and that the plat was made with their full knowledge and consent and acknowledged that the plat was correct.

Iosbaker's Third Addition

On June 15, 1940, there was filed and recorded in Plat Book 4, pages 24 and 25, a plat of Iosbaker's Third Addition to Pleasant Grove Cemetery, more particularly described as "Beginning 20 feet West of the Northwest corner of Block 28 in Silverwood's Third Addition to said P. G. Cemetery as now located in the East Half of the Southeast Quarter of Section 34, Township 76 North, Range 12 West of the 5th P.M., and as said Block 28 is shown upon a plat of said Silverwood's Third Addition to said cemetery as said plat is now found of record in Land Deed Record Book 6, page 48 in the Recorder's Office of Keokuk County, Iowa, and running thence North 20 feet, thence West 122 feet, thence South 470 feet to a point 4 feet South of the South line of the Northeast Quarter of the Southeast Quarter of Section 34, Township 76 North, Range 12 West of the 5thP.M., running thence E. 20 feet, thence S. 54 ft., thence E 102 ft to the West line of said Pleasant Grove Cemetery as now located, thence N. on the West line of said Pleasant Grove cemetery as now located 504 feet to the place of beginning, said point of beginning being indicated on this Plat as Point "A".

Said Iosbaker's Third Addition to said Pleasant Grove Cemetery as shown on this Plat comprises Blocks numbered consecutively from 106 to 123, both inclusive. All of said Blocks except 113 and 122 comprise 8 lots each, and said Blocks 113 and 122 comprise 4 lots each; each of said lots in all of said Blocks being 12 ft. in width East and West and 24 ft. in length North and South. All alleys and streets are so designated on said Plat and the alleys are 6 ft. in width and the streets are 20 ft. in width, all as shown on said Plat" Signed by A. H. Brunt, Professional Engineer and Land Surveyor, Iowa No. 409, on June 15, 1940.

Acknowledged on June 15, 1940, by Wallace Iosbaker, Alice Iosbaker, Earl Iosbaker, and Louie Iosbaker as a correct plat, made in accordance with their desires, that the addition comprises Blocks 106 to 123, inclusive, with streets and alleys as exemplified on said plat and they "set apart and dedicate for public use the

Peter Iosbaker Lots

Peter Iosbaker retained a narrow strip of ground just south of the Lander Addition and north of the St. Mary's Addition, from which he sold lots. There appears to be no recorded plat of this area and not much information is available other than from the Cemetery Deed Records and from Grace Sanderson, who is Peter Iosbaker's granddaughter. From this information, it appears the blocks are numbered from west to east, the numbering being similar to that of the adjacent St. Mary's Addition. These blocks have only two lots and extend from the center road of the cemetery to the east boundary.

History

The first lot in Pleasant Grove Cemetery was sold to Jennie Shufflebarger for $5.00 in June, 1858. This was Lot 5 in Block 14 in the Lander Addition as shown on the original plat.

Much of the history of Pleasant Grove Cemetery may be gleaned from the information on preceding pages showing the succession of additions to the cemetery ground. The bequest of Alexander P. Moody provided for the construction of restroom facilities. The building which was erected was well planned and designed.

An article appearing in the Sigourney newspaper May 29, 1952 is quoted here as it gives interesting history of the honoring of Union Veterans. "For the first time in more than 20 years, Lew Pennell is unable to continue his self-assumed duty of placing small American flags on the graves of all the Union veterans of the Civil War in the two Sigourney and eight outlying cemeteries at Memorial day time.

"This custom was started many years ago by his father, the late J. S. Pennell, a veteran of the Civil War, in honor of his comrades, of whom he compiled a complete list. His sons, Lew and Harvey, assisted him. As the number of required flags were increased, local patriotic organizations paid for them and as many as 19 dozen flags have been placed in a single year. Lew continued the work after the death of his father 18 years ago. For the past several years, Sherman Brown, also a son of a Civil War veteran, Rezin Brown, assisted, furnishing the transportation.

"This year it was impossible for them to perform this service. The American Legion has taken over the duty of placing the flags on the graves of Union veterans in West and East cemeteries in Sigourney, only."

Plats

Cemetery plats have been set out in the "Land Description" section hereof; however, a sketch of the cemetery layout appears on the following page, showing the relationship of the various cemetery additions to each other in the total layout.

Headstones

Lander's Addition

Note: The headstones in Lander's Addition to Pleasant Grove Cemetery were read by blocks. There was not a very clear lot demarcation in this oldest section of the cemetery and headstones, footstones, and family monuments were not always in best alignment to differentiate between lots. V in the margin before a name designates a veteran. M in the margin before a name designates that there is no stone at the grave, but a funeral home metal marker marks the grave site. No attempt was made to estimate the number of vacant spaces in the rows between the headstones read. Those spaces may represent unused burial plots or burials without headstones.

Note: Blocks 85 to 91, inclusive, are 12-lot blocks. There were only 8 lots to the block when the first addition was laid out, with the exception of Blocks 71 to 77, inclusive. When the second addition was added, four additional lots were added to these blocks before making a roadway, thereby creating the 12-lot block pattern for the second addition. These block listings will, therefore, include one row of lots at the south which are a part of the second addition.

RICE CEMETERY

WASHINGTON TOWNSHIP

KEOKUK COUNTY

IOWA

RICE CEMETERY

Washington Township
17 and 20-76-13

Location

Rice Cemetery is three and one-half miles southwest of What Cheer. From the Opera House corner, drive south one-half mile, then west on the gravel road for two miles, then south on the gravel one mile. Turn left (east) into the lane that leads to the cemetery and drive for about 55 rods or 1/6 of a mile.

Physical Features

Rice Cemetery is a well cared for cemetery, receiving township care. It is completely fenced with an entrance gate from the lane. It is on a hilltop area and practically level. There are five evergreens, with small trees and shrubbery in the fence rows. The unrestricted view of the surrounding farm land lends to the serene atmosphere of the area. It is a beautiful spot.

On Aug. 6, 1889, there was filed in Plat Book 2, page 62, in the County Recorder's Office a plat of the Irregular Survey of the Southwest Quarter of the Southwest Quarter and the Northwest Quarter of the Northwest Quarter of Sections 17 and 20, Township 76 North, Range 13 West of the 5th P.M. J. H. Killmar, County Surveyor, on August 17, 1887, certified that he made the plat according to descriptions on deeds for the land owners and at their request and that the plat is a correct representation of the above described land. On May 22, 1888, J. N. Dugger, E. A. Dugger, Martin Hawk, and Nancy Hawk certified that they were the owners of the Southwest Quarter of the Southwest Quarter of Section 17, and the Northwest Quarter of the Northwest Quarter of Section 20, Township 76 North, Range 13 West of the 5th P.M. and that the subdivision and platting was made at their request and with their free consent.

This plat is set out on the next page hereof (page 4)

Description: The North 33 feet in equal width of the West 870 feet of the Northwest Quarter of the Northwest Quarter of Section 29, Township76 North, Range 13 West of the 5th P.M., said parcel contains 0.63 acres more or less.

Note:

It has been difficult to ascertain the exact size of the Rice Cemetery. According to deeds as set out herein, there is an area of 1/4 acre for cemetery in Section 17, and 1/2 acre for cemetery just below the section line in Section 20, making a total of 3/4 acre. Roadways were first deeded and later through easements, the road was widened to meet requirements for county maintenance. These deed measurements do not quite agree with those for the cemetery in the plat in Plat Book 2, at page 62, which shows Lots "2"and 3 on either side of the cemetery area. The cemetery seems to have been extended on the east and west from the area covered by the deeds.

Most deeds for adjoining real estate describe the cemetery exception in the deeds as being 4 rods north and south by 10 rods east and west in Section 17 (40 sq. rds., 1/4 a.) and 8 rods north and south by 10 rods east and west in Section 20 (80 sq. rds., 1/2 a.). This corresponds with the cemetery size in the original deeds.

The cemetery was measured (1974) for the lister by Dave Thomas and the area size was given as 95 feet by 200 feet in Section 17, and 130 feet by 200 feet in Section 20, or a total cemetery size of 225 feet by 200 feet. This measurement given to the lister is reasonably accurate, as Dave Thomas with the assistance of another person carefully measured the existing burial ground. No doubt some additional ground from adjacent real estate was added to the cemetery when new fences were build around the cemetery in earlier years, but is not reflected in deeds. Time did not permit a more exhaustive search of the county recorder's office records, but in the search which was made, no record could be found of the purchase or gift of the additional ground.

History

No special history of Rice Cemetery was obtainable. Though Jason Rice gave the first ground for the cemetery and it is known as the Rice Cemetery, it is also frequently referred to as the Thomas Cemetery. Thomas families who have lived in the vicinity for several generations have made a significant contribution to and taken a great interest in this beautiful cemetery.

Plat

The information that was received is that there is no plat.

Headstones

Because no plat was available to follow, the headstones in Rice Cemetery were read by rows from north to south, beginning at the east side. V in the margin before a name designates a veteran. M in the margin before a name designates that there is no stone, but a funeral home metal marker indicates a burial plot. No attempt was made to estimate the number of vacant spaces in the rows between the headstones read. Those spaces may represent unused burial plots or burials without headstones.
